Overview of Altius IT Services

Founded in 1993, Altius IT has performed over 1,000 audits, assessments, and risk management services over a wide range of industries. Altius IT is a Certified Information Systems Auditor and Certified in Risk and Information Systems Controls.

AUDIT SERVICES
Network Security Audit Pen Test – we evaluate 50+ areas including technical controls (firewalls, server configurations, access controls, patching, logging, anti-virus, , etc.), physical controls (access to restricted areas, cameras), and administrative controls (policies, procedures, security training, job descriptions, service provider agreements, etc.). More information: https://www.AltiusIT.com/auditnetworksecurity.htm

External Network Security Audit Pen Test – Altius IT performs a penetration test of public network/IP addresses (firewalls, routers, etc.). We evaluate your infrastructure and identify vulnerabilities that allow hackers access to your internal network. More information: https://www.AltiusIT.com/auditexternal.htm

Web Application Security Audit Pen Test – Altius IT's penetration test evaluates a web site/web application for over 35,000 types of vulnerabilities including SQL injection attacks, cross site scripting, buffer overflow, authentication, etc. More information: https://www.AltiusIT.com/auditwebapp.htm

Social Engineering Audit – using social engineering techniques, Altius IT evaluates the effectiveness of an organization's security education and awareness training. More information: https://www.AltiusIT.com/socialengineering.htm

Administrative Safeguards Audit – we evaluate your written documents including security policies, procedures, formal risk assessment, agreements with service providers, IT job descriptions, Incident Response Plan, Business Continuity Plan, cyber insurance, etc.

Privacy Audit – Altius IT'S privacy audit helps ensure your organization operates with transparency, providing openness and clarity to all activities concerning the capture, collection, dissemination, and use of sensitive information. More information: https://www.altiusit.com/auditprivacy.htm

Risk Management Audit – Altius IT evaluates your Risk Assessment and Risk Analysis of the organization's assets, threats to the assets, vulnerabilities, likelihood of the event, and impact. If you need assistance in this area, we can create and deliver three reports: Risk Assessment Report, Risk Analysis Report, and Risk Action Plan Report. More information: https://www.AltiusIT.com/riskassessment.htm

MISCELLANEOUS SERVICES
Additional Services – Altius IT also offer additional services: Mobile Application Security Audit, Load Testing (Denial of Service), Compliance Audits, etc. More information: https://www.AltiusIT.com/services.htm
