Case Study: Document Management

Increasing transaction volumes are resulting in slower access to information. The solution requires an enhanced document management and scheduling system.

Client Situation

A law firm is faced with an increasing need to manage their documents and appointment calendar. Current methods are disorganized and time consuming. An increase in correspondence volume results in slower employee access to files and information.

Altius IT Solution

Altius IT's Manage IT service upgrades their network to allow a state-of-the-art Document Management system, Legal Forms program and Electronic Calendar system. Our Remote IT service allows employees to connect in from remote locations to securely access their data. Altius IT's *Maintain IT* service keeps the systems operating at peak efficiency.

Client Benefit

The law firm dramatically increases its efficiency and access to information. Increases in volume no longer result in delays in accessing client files and cases.

The firm's state-of-the-art document management system provides immediate access to a centralized database of information.

We Help Businesses Succeed

Altius IT provides your organization with an exceptional five star level of service. Coupled with our in-depth experience, we ensure that your business receives enhanced services and increased performance.
